Preorders:

We recommend booking early to get best selection, and in some cases we offer early order discounts (please inquire).

When possible we appreciate early orders as it makes our production much more efficient. We realize that our industry is weather driven, thus you can book product early with tentative ship dates and we will call you prior to shipping.

Shipping:

A good network of trucking enables us to service most major areas in both Canada and the USA. In season, our own trucks cover the Lower Mainland, Vancouver Island, the BC interior, Washington State and Tacoma North. We can often have product delivered within 48 hours of receiving order in those regions. As long as we receive the order by Monday, we guarantee delivery by Friday, often even last minute orders sent as late as Thursday will get Friday delivery. Weekly deliveries to SeaTac Airport enable us to ship smaller orders efficiently anywhere in the USA. Our reliable contract carriers deliver to all the Western Provinces and States on a weekly basis and the North Eastern States in peak season.

Products and Packaging:

2.5" Clematis liners

- for courier or air freight shipments we pack 64 per case
- for larger orders we ship 2,560 plants on a one way shipping rack and ship on our own trucks or via common carrier.

Clematis and Vines 1 Gallon and Larger

- for 1 gal and larger we palletize all of our product
- we ship up to 250 1 Gal pots per pallets (see picture below). We can also accommodate smaller orders with our 1/2 and 1/4 pallets.

Annuals

- Our retail ready annuals are normally shipped on wagons and we can accommodate orders of all sizes. For orders being shipped on common carrier we offer a one way wooden rack at cost. Cost varies depending on rack size (please inquire).
- Prefinished 4.5" and hanging baskets are available (please inquire)
